CAREER OBJECTIVE

Final-year B. Tech student specializing in Artificial Intelligence and Machine Learning with hands-on experience in developing AI-powered applications using Python and implementing machine learning solutions. Passionate about cloud computing, software development, and problem-solving, with foundational knowledge of AWS and a strong interest in learning Cloud technologies.

TECHNICAL SKILLS

Languages: HTML, CSS, Python, MySQL

AI/GenAI: Prompt Engineering, LLM Application Development, AI Agents, AI-Assisted Development

Tools & Platforms: ChatGPT, VS Code, Cursor AI, Context.dev, Gemini, Bolt.new

Core Competencies: Effective Communication, Adaptability, Active Listening, Analytical Thinking

EDUCATION

Bachelor of Technology - Artificial Intelligence & Machine Learning

International School of Technology and Sciences for Women, Rajahmundry

Year: 2023-Present (Excepted Graduation: 2027) | **CGPA:** 8.3

Intermediate (MPC) – Board of Intermediate Education, Andhra Pradesh

Eswar Vidyalaya Junior College, Chemudulanka

Year: 2021-2023 | **Percentage:** 87.9

PROJECTS

AI Virtual Assistant Using Python

- Engineered a conversational AI assistant achieving 92% intent classification accuracy on 500+ user queries.
- Built an AI Virtual Assistant using Python, integrating speech recognition, text-to-speech, and NLP to automate user interactions and execute voice-based commands efficiently.

Basic Packet Analyzer - Mini Wireshark

- Captured and parsed live network packets to identify protocols, IP addresses, ports, and packet sizes.
- Built protocol filters and traffic summaries for fast, reliable network troubleshooting.

AI Meme & Poster Generator

- Enhanced an AI-powered web application that generates creative memes and professional posters from user prompts.
- Integrated AI APIs to produce context-aware text and visually appealing designs.

CERTIFICATIONS

- Web Development – CodeAlpha (Aug 2025)
- Introduction to Cyber Security – NTA SWAYAM (Dec 2025)
- AICTE Edunet Foundation — AI & ML Internship Program (Jan 2026)

INTERNSHIP EXPERIENCE

AI & ML Intern | AICTE Edunet Foundation | [DEC 2025– JAN 2026]

- Completed a 6-week AI & ML internship organized by AICTE and Edunet Foundation.
- Gained hands-on experience in Python, machine learning concepts, data preprocessing, model training, evolution.

ACHIEVEMENTS

- Good Performance in python Bootcamp 2025 by LetsUpgrade
- Excellence in academic performance
- Solved problems in LeetCode/HackerRank problems; maintained GitHub repos combined stars.

DECLARATION

I hereby declare that the information provided above is true and correct to the best of my knowledge.
